- Pastor opened the meeting with prayer
- Agenda approved – Joy Ivins, Ruth Oehler

Chris Arany: update on Hope budget. Chris will make paper copies of the powerpoint and will also be emailed to members.

Jerry Ivins: updated on the purchase of the new projectors. The two front projectors were purchased with memorial funds and a donation. These projectors are installed. We are still waiting for the projector to replace the one in the rear of the sanctuary.

Jen Byrne & Pastor Christie: We are assessing Hope's gifts over 2 workshops. Looking at our physical assets; what can we share with others? What are our resources regarding our church mission? The board with this information is on the wall in the lobby. Pastor Christie invites all to continue to participate. Next steps: Community listening – talk to members of the community to find out what are needs. Looking for suggestions. Community mapping – Look for current resources (ie: SON Ministries). There will be an area map with Hope in the middle. We need to identify our mission based on these initiatives.

Mike Schweinfest: The worship committee has continued to meet every month. We will continue the 10 o'clock, blended format through Christmas. One Christmas Eve service at 5pm.

Adjournment at 11:40am with the Lord's prayer
